

TANU KUMARI VISHWAKARMA

Junior Full-Stack Developer — React / Next.js · Python / Django / FastAPI · AWS

Hazaribagh, Jharkhand · +91 9749559370 · tanu63867@gmail.com · [LinkedIn](#) · [GitHub](#) · [Portfolio](#)

PROFILE

Junior full-stack developer with five self-driven, publicly live projects pairing React/Next.js front ends with Python (Django, FastAPI, Flask) back ends — deployed on AWS/Render/Netlify, not just committed to GitHub. AWS Cloud Practitioner certified. Comfortable owning a feature end-to-end: UI, API, database, and deployment.

TECHNICAL SKILLS

Languages JavaScript (ES6+) · Python · SQL · C++

Frontend React · Next.js · Tailwind CSS · Bootstrap · HTML5 / CSS3

Backend Django · FastAPI · Flask · Node.js / Express · REST APIs · JWT Auth · WebSockets

Data & Cloud MongoDB · MySQL · Firebase · AWS (EC2, S3, IAM, Lambda) · Git/GitHub · CI/CD · Postman

LIVE PROJECTS

ASALPS — *Adaptive Skill Audit & Learning Path System* · Django · Python · Bootstrap

[Live demo](#) | [Source](#)

- Shipped a full-stack skill-assessment platform that evaluates competencies and recommends personalized learning paths; deployed live on Render.

TUKO — *Real-Time Chat Application* · React · Python · FastAPI · WebSocket

[Live demo](#) | [Source](#)

- Built and deployed a real-time chat app with a React frontend and FastAPI backend over WebSockets, plus an integrated AI assistant.

AI Monk — *Philosophical Conversation App* · Python · Flask · AI API

[Live demo](#) | [Source](#)

- Built and deployed an AI-powered conversational app with stateful multi-turn context, async API calls, and robust error handling.

Cake & Crumb — *Bakery E-Commerce Website* · React · Tailwind CSS · WhatsApp API

[Live demo](#) | [Source](#)

- Shipped a React e-commerce SPA with a live-pricing cake builder and persistent cart; wired checkout to WhatsApp Business API, auto-deployed to Netlify.
